

Medical Gas Valve Hang Tags SPECIFICATION

Medical Gas Valve Hang Tags

Medical gas valve hang tags are CGA color-coded and gas specific. All tags are double-sided. Tag material is rigid vinyl, a non-plasticized substrate offering dimensional stability and moisture resistance. Suitable for areas requiring fire code compliance due to flame resistance and self-extinguishing qualities.

How to Order		
Part Number	Gas	Description
<input type="checkbox"/> 4107 2116 24	Oxygen	Set of 10 hang tags
<input type="checkbox"/> 4107 2116 25	Air	Set of 10 hang tags
<input type="checkbox"/> 4107 2116 26	Vacuum	Set of 10 hang tags
<input type="checkbox"/> 4107 2116 27	Nitrous Oxide	Set of 10 hang tags
<input type="checkbox"/> 4107 2116 28	Carbon Dioxide	Set of 10 hang tags
<input type="checkbox"/> 4107 2116 29	WAGD	Set of 10 hang tags
<input type="checkbox"/> 4107 2116 30	Nitrogen	Set of 10 hang tags
<input type="checkbox"/> 4107 2116 31	Instrument Air	Set of 10 hang tags
